Jamboree at Frankfort Set for Saturday

The Frankfort Chamber of Commerce committees in charge of arrangements for Town and Country Jamboree Day to be held in that village Saturday, July 26, report everything in readiness for what may become an annual event.

More than 2,000 visitors are expected and most of them will be there for the free lunch to be served from noon to 2 o'clock. Races and games for children will begin at 2 o'clock and at 3:00 the youngsters will stage a parade.

Firemen from Frankfort Mokena, and New Lenox are scheduled to stage a water-ball contest between 4 and 4:45 and that will be followed by a similar affair in which teens will participate.

Firemen Plan Dance
The Frankfort volunteer firemen will also hold their annual picnic and dance at Frankfort Grove Saturday evening as a part of the jamboree.

The merchants of Frankfort will give away scores of prizes, cash and merchandise, in the course of the day. It was stressed that the prizes are being given without any strings attached and that it is not necessary to make any purchases to be eligible.

Altho no official count is available, a large number of children are busily preparing their entries for the Kiddy parade. It will form at the Frankfort school grounds and after circling the school once to establish the formation the procession will proceed north on Hickory street to Kansas, east on Kansas street past the judging stand and on to the Jamboree grounds. The parade will include pets, comic costumes, floats, decorated wheels and any other inventions that may come to young minds.

Fire Causes \$15,000 Loss at Mokena Home

Fire of unknown origin broke out in the home of Mr. and Mrs. Lee Guthrie, First st., Mokena about 10:45 Saturday evening. It was discovered by Albert Cappel, who lives across the street. The Cappel's called the Mokena fire department and within five minutes the first section arrived at the home.

No one was home as the Guthrie's were attending the carnival at the St. Mary's church where they were notified and returned at once.

It was a hard fire to fight as the whole house was filled with smoke, and smoke coming out also from all around the roof. After the firemen succeeded in breaking a hole thru the roof, they were better able to battle with the situation by allowing the smoke to escape and by leading a stream of water thru the opening.

The furniture, clothing and interior of the house were ruined by smoke, fire and water and everything inside was a total loss. Loss to the building was estimated at about \$10,000, and \$5,000 for the contents. The house will be repaired.

The Guthrie's and daughter Susan are staying with Mrs. Guthrie's sister, Mrs. Madeline Barenz, who lives across the street. Their daughter Mr. and Mrs. Roy Carlson and small son, who were living with them for a short time, are staying nights with Mrs. Cella Cooper and during the days with Mrs. Barenz. Their son David is spending the summer with his brother Mr. and Mrs. Jack Hall in Joliet.

During the fire fighting hours, Mrs. Cooper and Mrs. Walter Muehler made and served hot coffee to the firemen and the Salvation Army sent a crew early in the morning who served hot coffee to the men who stood by until late in the morning when the family was able to return home and board up the broken windows and doors. The Frankfort fire department assisted in fighting the blaze.

Mrs. Guthrie is employed as a long distance telephone operator in the Chicago office and Mr. Guthrie is a carpenter.

MUST REGISTER PETS

Entries in the pet parade must be registered at the Melcher or Mark stores but registrations are not required for other classifications.

Any youngsters of 14 years of age or under is eligible to enter the parade. Each will receive a treat just for being in the parade and then, of course all have a chance at the many prizes that are being offered.

Walter O. Herschbach Heads GOP Judicial Campaign in Will Co.

As the Republican judicial campaign for the Sept. 2 special election gets underway in Will county, an 11 man committee to handle campaign details has been appointed and first floor headquarters have been opened at 63 East Jefferson street, Joliet. In addition, the GOP nominee, David E. Oram, 48, of Watseka, a former Iroquois County state's attorney, began visiting Will county lawyers.

Attorney Walter O. Herschbach, of the Joliet law firm of Herschbach, Tracy and Gnadinger, was designated the campaign chairman. Long active in Republican circles and a native of Frankfort, he will co-ordinate the activities of the committeemen and committeewomen as well as other groups in the county working to get out the vote at the Sept. 2 judicial ballot.

To Succeed South

The GOP candidate seeking to succeed the late Judge Roscoe C. South, of Watseka, Mr. Oram, is spending considerable time in the county. He is in the process of visiting every attorney in the county, regardless of political faith, in order to become acquainted and to discuss his views. Once this task is completed, Mr. Oram plans to begin a detailed tour of the county towns. A personable individual, he served as state's attorney for two terms.

Mr. Oram and his wife, Erma, were feted at a dinner recently in Joliet as arranged by the Will County Republican Central Committee. Some 100 precinct committeemen

from all sections of the county were in attendance.

The Sept. 2 special election was called by Gov. William G. Stratton to fill the vacancy resulting from the death May 10 of Judge South, a Republican who served the circuit for 19 years. The election will be in the three counties of the 12 judicial circuit: Will, Kankakee and Iroquois.

New Lenox Lions Festival Opens Tomorrow Night

This has been a busy week for the New Lenox Lions. With the 9th annual festival coming up this weekend members of the club have been busy setting up booths and concession stands and making last minute calls to pick up contributions for the auction sale.

This auction sale is always a big part of the festival. Goods and appliances donated by New Lenox residents are sold to the highest bidders and there are always plenty of bidders. According to those in charge there has never been anything, regardless of how worthless it may have been, that has not sold at a Lions festival auction.

As a matter of fact there are some articles that fall into this category that are sent back and sold each year. Of course, there are some things offered that are wanted and they bring auction.

But whatever is taken in at the auction or at the other stands goes into the Lions club fund set aside for community and welfare projects.

The festival is being held tomorrow and Saturday—July 25 and 26—at the Lions Den on South Cedar road. There will be games, refreshments and rides for the children.

The New Lenox Lions are supporting a baseball program for youngsters of the community this year and are now planning a Small Fry tournament for teams from New Lenox, Manhattan, Frankfort and Mokena. This tourney is to be held at New Lenox Aug. 2 and 3.

The annual festival usually draws people from the entire area and those in charge are expecting a good crowd this year.

Women were not allowed to appear on the stage in Shakespeare's time.

U. S. Presidents Wilson, Tyler and Cleveland married while in office.

FIRE ATTRACTS SPECTATORS—Scores of Mokena residents turned out Saturday night when fire broke out at the Lee Guthrie residence on First street while the family was away from home. There was not too much flame to be seen but it was a hot fire and

the contents of the dwelling (note inset) were a total loss. When this picture was taken firemen were opening a hole in the roof to get at the fire that had worked up above the ceilings. (Marvin Smith photo)

Sewer Projects Get Underway in Area Communities

By ANNE RODGER

Modern progress is taking place in southern Cook and in Will County as plans for installing sanitary sewer systems to accommodate the rapid growth in the area are being realized.

The magnitude of such a project naturally prompts persons to ask, "How much is it going to cost me?" They are also interested in the methods used in other communities where sewer systems have been installed, how financed, total cost and cost per individual.

Mokena's lateral installation is well underway. It is being financed by the issuance of \$100,000 in general obligation and \$280,000 worth of water and sewer revenue bonds. The G. O. bonds mature in 20 years and the revenue bonds in 40 years.

8 Miles of Mains
A total of eight miles of sanitary sewer laterals and a treatment plant are to be constructed.

The sale of \$380,000 worth of bonds plus a federal grant of \$69,000 and \$8,000 of village funds, it has been stated, should provide ample financing for the project.

The federal grant was made because Mokena is one of the

communities to have been warned by the state to do something to end pollution of Hickory Creek.

Federal authorities state an adjustment will be made in the grant if the contractors' figures vary appreciably from the original estimates.

To Take 9 Months
A Mokena contractor, Blaine Saxton, is installing the laterals and lift station at a cost of \$145,671., plus \$40,700 for the service stubs. He has given an estimated time of 270 days to complete the project.

The Lindblad Construction Company is constructing the sewage treatment plant at a cost of \$147,800. Their estimates are well within the ones submitted by the village engineer, Robert Hamilton, it has been stated.

Total Cost
The total cost figure for the project is \$293,000., but this figure does not include fees of fiscal agent, legal and engineering fees, also cost of the plant site which was \$6,000. The amount of bonds issued of \$380,000 is expected to cover the total cost.

The engineers and attorney for the project is being paid on a percentage basis according to the standard agree-

ment recommended by the American Society of Engineers.

Citizen Cost
Individuals made written application for use of the Mokena sewers and paid \$10 each as was required as surety by bond houses purchasing the bonds. They can get this back or take credit on their water bills.

The \$230,000 of revenue bonds will be retired thru payments by sewer and water users. The rates for consumers has been set up at a minimum of \$9.20 per individual for a two month period for water and sewers, when they have been installed.

The minimum rate is for use of 4,000 gallons of water. The present minimum charge for water has been raised to \$7.50 for the two month period so that the minimum charge for sewer use will amount to \$1.70 over a two month period or 16.20 a year.

For the next 6,000 gallons of water, the rate per 1,000 gallons is 75 cents. For the next 10,000 gallons, the rate is 45 cents per 1,000 gallons. For over 20,000 gallons, the rate is 30 cents per 1,000 gallons.

Mokena's previous water rates have been extremely low, the minimum being \$10

a year or \$2.50 a quarter.

The additional amounts to cover sewers will go into effect when the system is in operation. The charges also vary according to the size of the service connection.

G. O. Bonds
The general obligation bonds are retired thru a general tax over a period of 20 years. According to the ordinance, these bonds shall not carry an interest rate in excess of 4½ per cent.

The cost to homeowners on the general obligation bonds this year is expected to amount to around 25 cents per \$100 assessed valuation.

Householders who do not use village water will pay a minimum of \$5 for a two month period when the sewers are in operation.

Tinley Park
Tinley Park expects to hold a referendum on a sewer project within the next two months.

The village of Worth recently voted in favor of a sewer system.

Citizens of that community voted on both the revenue and general obligation bonds. A referendum of the latter, not necessary by law unless objections are made, was held because of petitions submit-

ted by citizens objecting to levying the tax. In this ballot, the bond issue carried by a very narrow margin.

New Lenox

By obtaining state and federal aid, New Lenox has hopes of being able to finance a water and sewer system.

Because the village foundation is of rock, the estimated cost of installing sewers alone has been given as approximately one million dollars. A water system would add another million dollar cost, making it a prohibitive proposition.

As a result of a recent meeting of New Lenox village officials, Gov. Stratton and other state officials, a survey will be made by state engineers.

In cases where bond houses will not finance sewer and water projects, loans can be made from the federal government, it is said.

Frankfort defeated a bond issue for sewers some time ago.

All of the communities in Will county have been warned to do something about pollution of Hickory Creek. Tinley Park has also been warned by the state to do something about sanitation problems.

The sanctuary of the church is not affected much by the building operations. Rival Bus Lines Press Fight on Proposed Service for Orland Park

(CNS)—Opposition to Suburban Transit System's application to provide bus service between Orland Park and Chicago continues.

For the second time Eagle Bus Lines, Bluebird Coach Lines, and the City of Chicago asked the Illinois Commerce Commission in Chicago to dismiss Suburban Transit's application.

The state commission has already denied this motion to dismiss and at Tuesday's hearing refused to reconsider its ruling. It will, however, take under advisement a motion by Chicago and the two bus lines for oral arguments.

Claim Necessity Not Shown. Eagle and Bluebird don't want Suburban Transit to operate in, or close to, areas served by them. Chicago doesn't want additional bus lines running over its streets, city attorneys have testified.

Suburban Transit seeks temporary authority to operate between Orland Park, Palos Park, Palos Heights, Worth, Chicago Ridge, Oak Lawn, Cicero, Stickney and Chicago.

The objectors contend that the ICC can authorize a temporary operation only in emergency cases. They also contend the applicant has failed to show the necessity of its proposed operation.

Asks 60-day Trial

Suburban Transit seeks to operate for 60 days to see if the route is a profitable one. The line has agreed to do no local service between the Loop and 87th street except to pick up transfer passengers at 79th and Cicero from its present 79th street route.

The bus company proposes to operate three round trips daily from 143rd street and West avenue in Roberts road, 135th street and Harlem avenue through to the Loop.

Refreshments are served by the Band Boosters and proceeds are added to the fund used to buy equipment for the band. There is no admission charge for the concerts.

Lincoln-Way band members will have an opportunity to see how the instruments they play are made when they tour the C. G. Conn factory at Elkhart, Ind. Aug. 5. The youngsters will get to see the entire process of making instruments from the time the raw materials are started on the way to becoming 76 trombones and 110 cornets to the point where they are tested electronically and if they pass are then ready for sale.

The band members will be guests of the Conn company at lunch in the factory cafeteria. Before returning home the students will also go thru the Miles laboratories which are also located at Elkhart.

Park ave. to Memorial park. The troop's meeting place, the Bert Fulton school, is closed to them in the summer months. For that reason the Scout master would like a permanent meeting place, one with facilities for storage of equipment.

The building in question may be donated to the Scout troop it was learned. The Scout master stated perhaps the building if installed in the park could also be used for other activities besides the Boy Scouts.

Mrs. Harry Heiting celebrated her birthday, Thursday, July 17 with a barbecue supper out doors on her lawn. Guests to help her celebrate were her daughter Marie and her husband Richard Ahlrep and grand daughter, Anne Marie Ahlrep and her sister, Mr. and Mrs. Jack Ivers of Chicago.

Mr. and Mrs. Frank Gunn of Chicago were dinner guests of Mr. and Mrs. Harry Heiting, Friday, July 18. Mrs. Gunn is a cousin to Mrs. Heiting.

Mr. and Mrs. Eldon Nicolai had as their guest, their aunt Miss Nora Brennan of Altadena, Calif. Miss Brennan is also visiting relatives in Chicago and will return to the Nicolai's for a visit before returning to California.

10th Anniversary

Mr. and Mrs. Jim Lauer of Berwyn celebrated their 10th wedding anniversary Sunday, July 13 at the home of her sister, Miss Iona Enders. A buffet style dinner was enjoyed by 26 relatives and friends.

Mr. and Mrs. Walter Koehler who have resided in Or-

land on 143rd st. and 90th ave. for the past seven years, have moved into their own home at 17248 Harlem ave., in Tinley Park. Mrs. Koehler's father, Frank Cooper makes his home with them.

Mrs. Harry (Bertha) Daniel of Chicago Ridge is a patient in Jackson Park hospital, Chicago. The Daniel's are former residents of Orland Park. Cards from her friends here would be appreciated very much.

Friday evening, July 18 climaxed the sessions of the Daily Vacation Bible school of the Methodist church. A display of work accompanied by the pupils and program was held in the church parlors for their parents and friends. Punch and cookies were served.

4-H NEWS

BREMEN BEACONS

Five girls represented the Bremen Beacons in the county demonstration contest held in the Methodist church of Palos Heights July 16.

Demonstrations were given by Barbara Best, how to make a baked potato sandwich; Diane Campbell, making a tossed salad; Janice Gow, fruit

punch; Nancy Titus, making an eggnog; and Jean Wille, tray of finger foods.

The club will have a swimming party Aug. 28 at the Green Lake pool.

Orland Bible Church Brings in Two Speakers

The Orland Park Bible church is to have two guest speakers this week. The Rev. Don Brugmann, assistant to home director of the Greater Europe Mission at Chicago, is to speak tomorrow night, July 25, at 7:30 o'clock and John Noble, who was held in a Russian slave camp for almost 10 years, is to be the Sunday speaker. Mr. Noble will speak at the morning service, at 10:45 o'clock and in the evening at 7:30 o'clock. The Orland Bible church is located near the

junctions of U. S. 6 and Illinois 7.

Noble has written two books as a result of his experiences under the Communists, "I Was a Slave in Russia," and "I Found God in the Soviet Union." He was arrested by the Russian secret police in 1945 and released in 1955, he says, and about half of the time was in prison camps in the Arctic circle.

Talks of Europe

The Rev. Mr. Brugmann, who will speak tomorrow night will discuss Europe and the dangers "emanating from Communism and spiritual darkness."

"The greatest need in Europe is for trained leaders, disciples of the Lord Jesus Christ" the Rev. Mr. Brugmann is quoted. "The Greater Europe mission maintains the European Bible Institute in Paris and the German Bible Institute at Seeheim, Germany, to train young people. Young people from 21 nations have been

trained in these schools and then returned to their own people to preach the Gospel.

The mission works in Germany, the Netherlands, Spain, Italy, France, Austria and the Scandinavian countries.

The Rev. Mr. Brugmann says there are millions of pagans in Europe. There are more people there who haven't seen a bible than there are persons in the United States and Canada, he declares.

In Memoriam

KEUCH, Maria T. —In loving memory of our wife and mother who passed away one year ago, July 24.
Loving and kind in all your ways
Upright and just to the end of your days,
Sincere and true in your heart and mind,
A beautiful memory you left behind.
Nothing can ever take away The love a heart holds dear
Fond memories linger every day
Remembrance keeps you near.

Cards of Thanks

I want to express my deep gratitude and thanks to all Mokena friends who extended in such a gracious way their sympathy and help to me at the time of the illness and death of my dear sister Mabel Stellwagen. Also for the many beautiful floral offerings. I also want to express my gratitude to the Rev. Mr. Bizer of Frankfort, Mrs. Theodore Rydell and Miss Bonnie Rydell for their comforting service in words and songs. Your kindness will always be remembered. In the words of Jesus Christ, our Lord and Saviour, "Inasmuch as ye have done it unto the least of these my brethren, ye have done it unto me."

The whitish spotting of onion leaves is prevalent in a number of onion set fields in this area. This disease has not been positively identified, since both downy mildew and Botrytis fleck produce this symptom. Both of these fungus diseases can be controlled by applications of maneb (Dithane M-22, Manzate) or zineb (Dry Parzate, Dithane Z-78). A wettable powder of DDT may be used with these materials, if thrip control is necessary. This type of disease problem is aggravated by cool, rainy weather.

Parents and the Little League

Some years ago a man in Pennsylvania put a plan in action to give youngsters of 12 years of age and under an opportunity to play baseball on an organized basis. This was the Little League.

Bats were made smaller to accommodate young hands, base lines shortened and the pitcher's mound moved closer to the plate.

Rules were set up for the operation of the league and one of them called for a minimum of four teams.

Only such teams that belong to a league with a Little League franchise are entitled to play under such name. That is why in the smaller communities where lack of players prevents forming four teams they play as Small Fry or under some other name.

It is a fine program, regardless of the name under which it is carried on but there is one thing that is lacking—a regiment or so of U. S. Marines to keep the parents in hand.

The kids who want to play ball do so because they like it and it's fun. Sure they want to win and sometimes they get pretty mad when they don't but they don't stay that way.

When a youngster steps up to the plate—unless he is under strict orders to bunt—he intends and hopes to get the fat part of the bat on the old apple and ride it for a country mile.

It doesn't make him feel happy to fly out or ground out and he is especially unhappy if he strikes out.

Certainly there is no need for parents to get into the act and make him feel worse. Yet too many parents do that very thing. A spectator unaccustomed to Little League or Small Fry crowds could very well believe that each of the players is drawing down at least \$25,000 a season, that the price of seats started at \$5, and that half of the families represented would be homeless and the county short a courthouse when the final score was posted.

It is not nice to see an infuriated father shaking a fist at his offspring and calling him a bum. It is not a nice thing to see a father berate a boy because he went hitless, failed to hit in a crucial spot or dropped a ball that let the opposition score a run. And such tactics are certainly hard on the youngsters.

Most of the adult critics—and we use the term adult loosely—probably would make sorry spectacles of themselves if they were trying to do the things they are demanding their offspring perform, and while we have been referring to fathers there are mothers too who would do well to keep their mouths shut.

There are parents, of course, who are grown up, and take pleasure in seeing their youngsters playing a game for the simple reason that it is a game and they like to play it.

Fortunately there are more of these parents than the type that haven't grown up. It just seems there are more of the juvenile adults—they are so much noisier.

On Second Thot

by G. F. L.

Watching and listening to TV accounts of the handling of the Middle East situation by the United Nations only serves to cement a conviction that we have held for some time—that the UN is of no practical use and its principal purpose is to serve the Russians and their captive nations as a base from which to voice their propaganda.

In a book by Kent Cooper, former general manager of the Associated Press but now retired, he brings out that in the United States news is purveyed without fear or favor and the press is unsubsidized by any governmental agencies—national, state or local.

Events and happenings that affect the lives, property and well-being of the public are reported faithfully and impartially and the same is true of news dealing with governmental actions. As a result the people of the United States are kept well informed. Mr. Cooper points out that only a well informed people can remain a free people and history backs him up.

In too many foreign lands, the press is either subsidized by governments or controlled by law so that only the news the public is permitted to see is what the government wants it to see. In short, the news services abroad, for the most part, are principally propaganda outlets.

On the other hand dispatches from the American News services, the Associated Press, the United Press, or International are recognized as being impartial and as accurate as possible, especially the news which is sent out from the United States.

Therefore when the Communists hurl charges in the UN against this country and the western powers and they are sent out by the American news services it makes wonderful propaganda for the Russians.

People in far off lands reason that Russian charges—or perhaps it is some ridiculous indictment against the Western Powers by Egypt—must be true because they

are made in the UN and carried by American news services without interference by the United States government.

The Communies never had it so good and no doubt would bitterly oppose any move to jettison and United Nations. They would have plenty of help in that however, because there are many nations who find it quite profitable to belong to the UN. Uncle Sam is always readily available for another bite by his old buddy-buddies.

Uncle Sam's old buddy-buddies are quick to accept his favors but when he is in need they not only are stone deaf but are looking the other way.

It would be a good thing if we were to get out of the United Nations. It is certainly no good the way it is set up.

Letters to the Editor

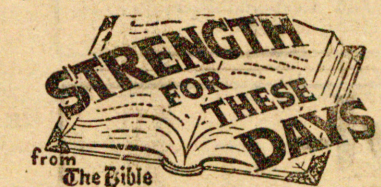

July 17, 1958

Editor: Not knowing just whom to address, I am writing this to the editor.

One thing badly needed in our town (New Lenox) is a taxi. We older people are getting so numerous and the distances, while seemingly short to young people, are really very taxing when we have to walk.

You folks, knowing all things about our little town, could you not introduce the subject to the people. Who knows, someone who is willing to try surely could make a good living out of it.

Thanks for listening,
Verda West.

But let all those that put their trust in Thee rejoice: let them ever shout for joy, because Thou defendest them. —(Psalm 5, 11.)

The most wonderful feeling of strength and joy will come to us and fill us when, instead of giving in to worry and despair, we truly put our trust in God, Our Heavenly Father—when we trust in His mercy and love. His goodness and wisdom. Why should we try to bear our burdens alone?

4-H FITNESS DAY at Carl Sandburg high school, Orland Park, for Cook county and area youngsters brought out a large contingent. Top picture shows some of 4-Hers checking in to be weighed and measured before engaging in the various tests calculated to demonstrate physical fitness.

In the second picture Carol Kimmel, Tinley Park, is looking at the gauge to see how much of arm strength is possessed by Carla Mrosek, Alpine, and if you say why is Carla making a face, well, try pulling on that gadget without making one. At the right is Mrs. E. W. Mueller, Midlothian, who was conducting this test.

The third picture shows Marjorie Kimmel of Tinley Park testing out her lung power. Conducting the test is Sophie Dycz, of Blue Island, and in the bottom scene, flat on the ground, is Duane Erickson, Mokena. Duane had been exercising vigorously to get his pulse revved up and then was ordered to lie down so those conducting the test could find out how long it took before his pulse had returned to its normal beat. The woman with the stethoscope is Mrs. Helen Siemsen, a 4-H leader at Tinley Park, the man with the same device was not identified and the woman standing is Mrs. B. L. Embry, of Logan, Utah, who happened to be visiting in the area, and being interested in 4-H work attended the program—as a matter of fact she has a daughter who took part in it.

4-H Fitness Day Rated Success

Ins. 4H Fitness 1-24

The 4H Keeping Fit Field Day attracted a crowd of 51 county young people to Carl Sandburg high school at Orland Park last week, where they found out how strong and physically fit they were in relation to other young people their age.

From 9 o'clock in the morning until 2:30 in the afternoon the 4H club members took part in tests to determine how fit they were. They also learned at the same time how to keep themselves in trim physically and how to make themselves stronger and more healthy.

First the youngsters were weighed and measured and given a body type score in order to determine whether or not they were growing according to schedule. Then they ran 60 yards to check their speed and learn how long it took their heart beat to return to normal. This was a test of breathing capacity.

Situps, broad jumps and arm pull exercises tested their muscular strength. Front and back bends checked their body flexibility. Finally, they ran 400 yards to find out how much endurance they had. Then they compared their scores with the standards to determine their fitness levels.

The field day tests were conducted by the state 4H club office and D. M. Hall, extension specialist of the University of Illinois college of agriculture, assisted by Charles Tipton and Richard Berger, physical fitness specialists from the university.

More than 15 parents of the 4H club members were also present to watch the activity. Twelve local 4H club leaders attended.

"This day was an important milestone in the lives of the youths who took part," said William Whiteside, assistant farm adviser, "because it gave them scores that show how fit they are. But the experience will not mean much to them unless those who took part this year increase their training in order that they may be in better condition next year."

Blues Have Flag Practically in Hand

Midlothian Takes Tinley Park in Police League Tilt 11 to 2

The Midlothian Blues virtually clinched the title for the South Section of the Cook County Police League Sunday when they beat the Tinley Tigers in decisive fashion, 11 to 2.

The Blues have but one game left on the schedule, a clash with Oak Forest who has won only one game since the league opened for business this season. This game will be played Sunday at Oak Forest.

Those who saw the Tinley-Midlothian game agreed that the Blue team were just too

much for the Tigers to handle. Lovich, on the mound for Midlothian, allowed but one hit, a Texas leaguer by Harold Coley in the sixth. "Yogurt" Haehnlein, of Mokena, was the only other Tiger to get on base and he got there on passes.

Both Tinley pitchers, Bressi and Schuldt, had considerable control trouble. Between them they walked 13 and allowed nine hits.

The Tinley pitchers' control trouble might have stemmed from dizziness due to altitude. The Midlothian diamond is the

only one in the circuit that has a regulation pitcher's mound—15 inches high. The Tinley hurlers, accustomed to working from the flat, had difficulty in loosing their slants from a hill.

The Blues are made up of 17 year olds and it is expected that they will do well in the play offs.

The Tigers will have a struggle on their hands to finish the season in second place and will have to knock off Matteson and Orland if they are to have a chance at it.

All-Star Pony Nine Will Take on Tigers at Tinley Sunday

The Tinley Tigers have an off-date this Sunday in the South Section of the Cook County Police league and will utilize the occasion to play an All-Star aggregation from the Tinley Park Pony league.

The Tigers have more older players but the Pony squad has a lot of drive and a burning ambition to larrup their older adversaries and fans who turn out at Memorial park at 1:30 o'clock Sunday afternoon should see a pretty good game.

Paul Schuldt will be on the mound—figuratively speaking—for the Tigers while Tom Propp is scheduled to do the pitching chores for the Ponies.

The Tigers squad are: Romanenghi, Coley, Eggert, Haehnlein, Schroeder, Schuldt, Klepper, Koning, Miller, Gallagher, Gregory, Bressi, Dolk, Schram, Hartman and Bor-met.

The All-Star squad will be made up of: Punis, Zawada, M. Meakim, B. Meakim, Casey, Schneider, Powers, Propp, R.

The Zion Lutherans, leaders in the Tinley Park Church Softball league, ran up a whacking big number of hits—21 of them—to wallop the Reformed church outfit 17 to 8 to hold their place in the flag race.

Every man on the Lutheran team had at least one hit with Logan Rick, Dean Propp and Al Jeverett each getting three. Two of Rick's clouts were homers.

Art DeGraff, heavy hitting member of the Reformed team got two hits in the encounter with Zion last week to boost his average to .538. DeGraff has hit safely and frequently in each of the four games his team has played this season.

On Friday night of last week the Methodists staged a 6-run rally in the seventh inning to whip the St. George team 11 to 7. John Brock was the hitting star for the Methodists, driving in six runs with three hits.

Until the seventh frame when five hits, a walk and an error by the Georges enabled the Methodists to cash in in a big way, St. George pitcher, Marty Zinn has given up but five hits. In the end the Methodists had 10 hits, while their pitcher, Ken Webster, gave up 11.

The Methodists play the Zion Lutherans and St. George will meet the Reformed team this week.

Seeks Foster Homes for Teens in Chicagoland

Raymond, M. Hilliard, director of Cook county department of welfare is making an urgent appeal to the community for families to provide foster homes to some adolescent boys and girls without homes of their own.

Citing the cases of Rose age 13, Joan, 14, Billy, 16, and John, 17, Hilliard said they are typical of some very deserving older children who need and are waiting for foster homes and families. The department is specially concerned about these children, stated Hilliard because nothing is more demoralizing to them

Tinley Nazarenes Bounce Back in Softball League

The Tinley Park Nazarene team got off to a slow start in the Chicago area Nazarene Softball league, dropping a heart-breaking one pointer to the Emerald Ave. team and a one sided affair to the top team in the league, Chicago First Nazarene.

Tinley finally bounced back, beating Worth 16-11, then dropped a close one to Argo before downing Worth a second time, 14-7.

Several team members have been on vacation and now they are back it was believed the team would do better.

than to know that because of their age they are being denied more than other children, their right to a home when they need it most.

County Pays Expenses
Rose and Joan are attractive girls who previously have been cared for in institutions for dependent children but who now are in need of life with a foster family and home. John and Billy are two promising teenagers, anxious and ready to take up life with a family that could accept them.

The tragedy of children wanting for a substitute or foster home with its care and guidance is, one which need not be if interested families who enjoy older children in their home would become foster parents to these children, said the department.

All expenses of caring for the children are paid by the Cook county department of welfare. Interested families should call Children's Division, Cook county department welfare at KENwood 8-2400 or

write to the agency at 5059 Vincennes ave., Chicago.

Churches, civic groups and various other suburban organizations are asked to encourage interested families to contact the agency immediately.

Newly Created City Buzzes With Politics; Set Election for Aug. 23

By CHLOE WHITE
SYcamore 8-6620

The new city of Country Club Hills will hold its first election as such on Aug. 23. The polling place will be located at 17940 Thomas ave., and will be open from 6 a.m. to 5 p.m.

On that date, which was set by County Judge Otto Kerner at Chicago, the voters of the municipality will choose a mayor, city clerk, treasurer, police magistrate, and six aldermen. The first candidate to file is Mrs. Rosalie (Rusty) Wilson, who seeks election as Alderman.

Candidates may be nominated by parties or petition. Petition for the formation of political parties, certificates of nomination, nomination papers and statements of candidacy must be filed with Judge Kerner not later than Aug. 1.

Aldermen to Draw Lots
The aldermen will draw lots to determine who will hold office until 1961 and which three will serve until 1963, to insure staggered elections for city council posts.

Nomination petitions must contain a minimum of 50 signatures of qualified voters and a maximum of 80, the court said. Ward boundaries are to be established, Judge Kerner said.

George Brogan, who appeared in court for supporters of the incorporation move, said that many petitions have been distributed and are now in circulation. He stated that persons may sign only one petition for the formation of a party, one petition for mayor, city clerk, treasurer and police magistrate and six for aldermen.

Citizens form Party
Last Saturday night residents of Units 1, 2 and 3 attended an open meeting for the formation of a party. Suggestions were made for a name and "Suburban Life" received the most votes. The group's only purpose, it was stressed, was to endeavor to find candidates best qualified to serve as officials of the new city.

A general invitation was extended to all persons interested to announce their candidacies for the various offices. A nominating committee was selected and it is expected to come up with recommendations after talking with the candidates. A committee also was named to draft a party platform, and another group was formed to seek donations.

Members of the nominating committee are:
Fred Wedderspoon 4451 W. 179th, Edward Noyes, 4639 W. 185th, Gene Tetens, 17760 Anthony, George Shaffner, 4651 185th st., Charles Van Horn, 17850 Baker, Edwin Raddatz, 18140 Mary Ann Lane and Charles White 17827 S. Baker.

Woman First Candidate
Those chosen to write the platform were, Robert Landeen, 4510 179th, Lou Duerlbeck, 4647 185th st., Ray Gaertner, 17772 Baker, Jim Nally, 17871 Anthony, and Eugene Landerberger, 4530 181st pl.

Chairman of the finance committee is William Baader, 18121 Baker, Gordon Eggers, 17823 Baker, will head publicity.

Judges of election named by Judge Kerner are: Mrs. Dolores Kuznicki, 18471 Cicero ave., Dale Koehn, 18341 Cicero ave., James D. O'Connell, 4720 W. 184th pl., John B. Nicholson, 18330 John ave., and Robert Landeen, 4510 W. 179th st.

According to Attorney Brogan only one petition has been returned to him for filing. This is the petition of Rosalie (Rusty) Wilson, 17929 John, who has filed as an independent candidate for alderman.

As soon as news of other parties or independent candidates is made available it will be reported.
Boy Scouts

The Scouts held their regular meeting of the season last Friday at the Homeowners House. The meetings will be resumed in September.

Next Saturday, July 27th, rain or shine, is the day the Cub Scouts will hold their family picnic at Black Bear Lodge on Ridge Road in Homewood.

The festivities will begin at 2 p.m. with games, races, prizes, ceremonies, and free ice cream for all. Even Moms and Dads will be trying for prizes. The merit badges will

be given at a special ceremony but only to those boys who have at least one parent present. Sorry, but this picnic is limited to Cub Scouts and their families.

Civic Association
The Civic Association sponsored a special registration for residents last night in the firehouse. If it was not possible for you to make this registration call SY 8-8497 for information on regular registration. Registration closes for the municipal election on July 25.

United Christian Church
The Christian Women's Fellowship held its regular meeting in the 182nd Street woods last Wednesday. Alice MacKenzie led the devotions with the theme "Mothers". About 20 mothers were present as were all the children. The short business meeting was followed by a picnic lunch in the woods.

The date for the all family Church picnic has been set for August 17 in Tinley Creek Woods.

Both Sunday school and church will be held in the open in the woods to be followed by a family-style picnic. Each family is to bring their own meat and bread and butter plus either a salad or dessert for the pot luck table. Ice cream will be furnished. Races and games for all ages are being planned and everyone is urged to save Aug. 17 for the old fashioned church picnic.

School Board
The regular meeting of the school board was held July 14 at Central school.

After the minutes of the previous meetings were read and approved the committee chairman gave their reports. Zenon Sykuat, superintendent, passed copies of the proposed calendar for the new school year to the board as well as to the visitors and after a brief explanation it was adopted by the board.

The 1958-59 school year will have 176 days of school with the first day on Sept. 2 and the last June 2. There will be seven days on which the schools will be closed due to holidays, teacher workshops, etc., as well as three recesses, Thanksgiving, Christmas and Spring.

Mr. Sykuta also announced the names of the teachers who had signed contracts for the coming term, together with a resume of their qualifications. Those who have signed are Rieva Doolin, Mary Ann Jensen, Margaret Fitzgerald, Richard Higgins, Harold Jones, Hazel Ramsmeier and Nona Schlinker. He announced that there are still five positions to be filled but he is much encouraged by having already signed seven.

The next portion of his report concerned instituting a textbook rental and school supply program. Under this program the parents would not be required to buy textbooks outright for their children but would pay a rental fee which would cover the use of the books as well as various supplies necessary. Mr. Sykuta explained that buying textbooks outright can be a very expensive proposition particularly when a family has several children attending school. Also textbooks tend to become outdated so the practice of handing them down from child to child is impractical. Those books which become outdated can be placed in the library and used for reference purposes, he explained. This program is being considered by the board and will be acted upon at the next meeting.

The next meeting of the

school board will be next Monday night, July 28, at 8 o'clock in Central school, 184th and Central. All residents of the community are invited to attend both to find out how their board works and also to ask any questions they may have.

Teen Club
Twenty four teen-agers attended the meeting and dance last Saturday evening, held in the Homeowners House.

Plans were made for the next outing which is to be a splash party and weiner roast to be held at the Blue Island pool. Only those who attended the meeting or called to be excused will be eligible to attend the splash party.

It was decided to issue membership cards which are to be punched when dues have been paid and when special services (serving on committees, etc.) have been performed. This is to prevent certain members from enjoying all the benefits of the club but accepting none of the responsibilities, it was explained.

Membership cards are to be distributed on the next meeting night, August 9th in the Homeowners House. Dancing **Fire Protection District**

The volunteer fire department announced that the proceeds from the First annual fireman's dance amounted to more than \$1,000.

This money is to be used for the purchase of hose and nozzles, additional helmets, coats, boots, extinguisher rechargers, emergency tools and other miscellaneous small items. The department again wishes to thank all who co-operated so fully to make the dance such a success.

Because so many people have been asking when the department is to sponsor another event the men, pleased as punch that so many are interested, have decided to sponsor the First annual fireman's picnic on Sunday, Aug. 10, in the 182nd Street woods.

It is to be a real family picnic with the festivities starting at noon and ending at 7 p.m. There will be games and races for all ages, water-fights, tug of war, etc. Liquid refreshments plus charcoal broiled sandwiches will be available. Ball games will be followed by dancing in the evening. Plan to attend with your family.

The donkey baseball game held last week-end at Homewood Acres ended at a 2-2 tie. Both departments did themselves proud but the donkeys just wouldn't co-operate.

Miscellany
Several people have called to warn parents of the danger to children allowed to play in the vicinity of Thomas Lane and Patrick Ave. The telephone poles, this plus the proposed work on the drainage ditch makes it doubly dangerous. The residents of this section would appreciate a word of caution to the children.

Little Patty Ferguson, 10 years old, has just taken her first plane ride all alone. She went to visit relatives at Kansas City.

Mr. and Mrs. Ray Winters are parents of a little girl, Nancy Lynn, who weighed 7 pounds 6 ounces when she was born last Friday in the Hinsdale hospital. She has a brother Ned, age 15 months.

Mr. Raleigh Shipman was in a rather serious automobile accident last Friday evening. His car collided with a sand and gravel truck and he sustained two cracked ribs plus an injured kidney.

Althea MacKenzie has returned after spending 10 days at the Druce Lake Church Camp.

Mr. and Mrs. Larry Simon have returned from a 2-week vacation with the four children in Buchanan, Mich. Just two days after they returned their son Danny, age 7, fell on a jagged piece of fencing

and tore his arm open. Only quick thinking on the part of the men working on the telephone lines nearby and the co-operation of the neighbors plus the fact that Jean is a registered nurse saved it from becoming a worse tragedy. It took 14 stitches to close the wound which had severed two arteries. He is still not completely recovered but is progressing nicely.

Mr. and Mrs. Norman Olson and their daughters Linda, 10, and Bonnie, 6, have just returned from a two week vacation at the Desert Inn in Miami, Fla. They had a wonderful time except the sun was a bit too bright for the old head, Norman.

There has been quite a bit of talk about starting a car pool to drive to and from the I. C. Station particularly now that there is to be a daily fee to park the cars. Pat Hastings, 18145 Cicero, SYcamore 8-5591, has volunteered to try to work up a schedule both to and from the station. If you would care to form a series of car pools call Mrs. Hastings and give her your schedule.

Mr. and Mrs. Clarence Leek and children Warren 14, Beverly, 12, Barbara 10, and Betsy 3, have returned from their vacation in northern Maine. They spent about 10 days in Four City, Maine and returned much impressed by the series of toll roads and turnpikes that make travelling great distances such a pleasure.

The sister of Mrs. Mary Sonne, Mrs. Rita Beckes, was here visiting for two weeks, having just returned from Saudi Arabia where she was a nurse for the Aramco Oil Company. She returned to this country via the far east route visiting Pakistan, India, Siam, Singapore, Hong Kong, Tokyo, and the Hawaiian Islands.

While in Saudi Arabia she was the head of the Arabian women's and children's ward at the Aramco hospital in Dhahran.

Linda, daughter of Mr. and Mrs. John Toner, has just returned from a two week trip to Denver, Colo. She made the trip with her aunt and uncle, Mr. and Mrs. Richard Oberg of Chicago.

Well, as that lovable old cynic La Rochefoucauld once said, "Let the best man win."

Orland Home Bureau Members Have "Cook-out"

Members of the Orland Unit of the Cook County Home Bureau enjoyed a "cook out" at the July 17 meeting held in the picnic area of Mrs. Albert Sauerbier's lovely yard.

Mrs. Sauerbier and Mrs. Sayers gave an interesting lesson on outdoor cooking that was delicious and different. While one or two mosquitoes hovered about to add realism to the affair, guests and children participated in preparing, cooking and serving the meal.

Present were Mesdames, Albert Sauerbier, George Sayers, Ray Myrick, John Lohmann and Pat, Edward McCarthy, Henry Andresen, Harry Anderson, Charles Bezdek and Charlene, Oscar Mack, Richard Yang and children, William Horton and children.

A trip to the Sand Dunes and a pot luck lunch are planned for the August meeting.

Cool weather and frequent thundershowers have caused extremely heavy bacterial blight infection in Illinois soybeans this year. Small brown spots surrounded by a pale yellow ring on the soybean leaves identifies this infection.

"No Alley" Storm Knew Transit But Was A Bit off on Spelling

By JOHN W. ALLEN
(Southern Illinois University)

A member of the Southern Illinois Editorial Association invited the writer to the organization's picnic at Grayville on June 14. Feeling friendly toward editors in general, we accepted. The inviter almost spoiled it, however, by adding, "you'll find nothing unusual about Grayville." Naturally, we didn't agree.

The writer went home to prowling thru notes in his garage-library, searched his memories, stopped to talk with people in Carmi and to look at some county records. Soon he was convinced that Grayville really has been different.

First, it got off to a somewhat confusing start "at a Stone which is placed 22 poles and five feet South of Said N. E. quarter Corner of Section twenty township No three South Rang 14 West". With this point of departure definitely fixed, the town site is carefully described in eight closely written ledger pages. With much free wheel spelling in the "cize", "dimentions" and "dementions" along with the names of streets that "separated" the "Lotts innummated" are given. Be it said for the spelling style, one can't mistake the words.

The survey and plat were made by "John Storms, county surveyors of White county State of Illinois" for "Thomas Bishop, Proprietor of the Town of Florence" for that was the first name of a town at the site of Grayville. These were filed at Carmi on July 12, 1836.

Surveyor Storms evidently planned to have little sneaking in alleys, for only three were included in the plat. To these three he gave the quaint names of "Little Alley", "Dark Alley" and "High Alley." Incidentally, each alley was a blind one.

In 1849, thirteen years after Florence had been platted, a second town was surveyed by the same John Storms. It likewise began at "The large Stone which is placed 22 poles and five feet south Like the first town, this second one is described over several pages. It lay east of earlier Florence and was named Grayville for the four Grays listed along with two Griffings as proprietors.

Storms' spelling seems to have improved during the thirteen years, but he still used no alleys, adding to the problems of present-day utility companies.

The combined towns prospered. A plank road leading to Albion was begun in 1850. The toll gate for this road was located about a mile north of town. At the same time another plank road was being built toward New Harmony, Indiana. This road was opened in November, 1851, with a celebration at New Harmony where the Grayville Advertiser revealed, "many fair ladies danced in bloomers", then a new article of women's apparel. The Advertiser stoutly defended their privilege to do so.

Great sawmills came early to Grayville. There were several stave mills, one producing four million staves a year. The Empire Mills were the greatest producers of flour in this region of Illinois, 10,000 hogs were slaughtered and packed there each year. It definitely was a prosperous and progressive community.

Grayville was not backward in cultural progress, either. William Dobbell, writing to his sister in England on Jan. 7, 1842, told of the rising interest

in schools in the English settlement. He expressed satisfaction at the friendly attitude toward schools at Grayville and expressed hope that all there soon would learn to read and write.

That this interest did not die out soon is shown by the formation of educational societies. A literary society came in 1872, a normal college in 1879, and a military band in 1879 (when only two members already could play instruments). This band became the Ninth Regiment Band, well known for several years. A philharmonic society was formed in 1880. The Odd Fellows and Masons came about 1850. Earlier than these, however, was the coming of churches about 1837 and the Sons of Temperance in 1849. This first temperance group was followed by several others.

On a military basis, Grayville has some claims to distinction. Revolutionary War veterans came to live in the region. It has furnished the military with its quota of men from lowly privates to admirals. At one time, however, it was a locality of divided loyalties. This was during the Civil War, when according to a letter from Sydney Spring to Governor Yates, written on May 2, 1864, seventy or eighty members of the Knights of the Golden Circle paraded openly on the streets of the town under command of an ex-senator named Sam Martin. The letter stated that Martin had declared that if he fought at all it would be for the South.

After all, perhaps there are some interesting stories about Grayville.

La Gloria Oil and Gas Company... a versatile subsidiary

Like its parent Texas Eastern, subsidiary La Gloria Oil and Gas Company is versatile... having a variety of interests in several fields of activity.

La Gloria owns and operates one of the largest natural gas cycling plants in the world, at Falfurrias, Texas. It processes some 320 million cubic feet of natural gas each day to recover approximately 10,500 barrels of liquids including natural gasoline, kerosene, butane and propane.

As a production and exploration company, La Gloria occupies a commanding position. The company has under lease approximately 68,000 producing acres and some 103,000 acres of land as yet undeveloped for production, in the states of Louisiana, Texas and Oklahoma. During 1957 La Gloria accounted for production of

2,588,300 barrels of crude oil and 25 billion cubic feet of natural gas from its producing wells.

Early in 1957, La Gloria acquired McMurrey Refining Company, Tyler, Texas. La Gloria now has one of the nation's most modern refineries at Tyler. This refinery is a custom producer of automotive and aviation gasolines in the high octane range. The Tyler refinery also produces a multitude of by-products, including petroleum coke for industry... aromatic distillate for paint solvents... carbon black oil essential in manufacturing tires and inks... specialty products for fertilizers and insecticides... high purity hydrocarbons and alkylates for top-quality fuels for today's modern jet aircraft.

The activities of La Gloria typify the Texas Eastern diversification pattern, which has enabled the company to keep pace with the fast changing national economy.
